The Pet Rock Festival has been offering assistance to animal welfare organizations for 23 years. The groups that benefit include animal shelters, rescues, breed specific rescues, anti-cruelty organizations, spay and neuter programs and other animal welfare programs and organizations that work to assist animals at risk.

**PET** More than 150 breed rescues, shelters, humane societies, veterinary clinics, pet supply and specialty stores, welfare and animal related organizations gather to exhibit, educate and inform the 3,000+ who attend the festival. Education relating to animal issues such as overpopulation, adoption programs, specific shelter needs, battling cruelty, animal health and so much more is supported and provided.

**Rock** Local, regional and national musicians perform throughout the afternoon with a featured headliner drawing even more of a crowd. Past headliners include Glen Phillips from Toad the Wet Sprocket, Sophie B. Hawkins, Orleans, Badfinger, Danny Klein’s All-Stars, Bay City Rollers, American Idol stars and many others.

Pet Rock Fest has become an annual tradition for the thousands who have attended over the years. Pet owners, animal lovers and families come together with their best friend to take in the spectacular exhibits, demonstrations, educational programs, special attractions, product samplings and giveaways, entertainment, vegetarian food and fun.

The event has attractions for all ages to see, do and buy. Annual attractions include demonstrations by the “Pups in the Air” Dog Club, free rabies clinic, low-cost I.D. microchipping, “Ask the Vet,” and dozens of pet related vendors selling products. Kid friendly events such as face painting, novelty rides, crafts, games, mascots and more pepper the grounds. Very special and much anticipated annual interactive events that draw a great crowd are the Adoptable Pet Parade, Amateur Dog Show, Cat Photo Contest, Doggie Massages, Doggie Water Park and timely interactive exhibits.

**Sponsorship opportunities**

Pet Rock Fest is New England’s largest animal and pet product expo. A Pet Rock sponsorship offers the sponsor a unique opportunity to establish and strengthen brand and public image, keep your product or service top of mind, create impressions to the thousands in attendance with the potential to sell product, educate attendees and receive feedback from target markets. The possibility for reaching huge numbers of pet owners in today’s ever-changing marketplace is priceless and makes Pet Rock Fest the most cost effective sales and marketing tool available in the entire Northeast region.

Because of the potential, Pet Rock Fest is a most comprehensive event, attractive to representatives from all areas of the animal world. This includes manufacturers, interest groups, distributors, retailers, hobbyists, pet clubs, veterinarians, holistic medical professionals, animal care professionals, animal shelters, breed rescues, agility/training organizations and any organization with the capability to present to the animal loving public and consumers. If you sell pet products or services, or are a vendor and want to reach out to this market, you owe it to your business to be there. You can reach thousands of pet owners in one setting.
